**By facsimile: 9221 2020**

Dear Ms Hewitt

**TASMAN RESOURCES NL (“the Company”)  
PRICE AND VOLUME QUERY**

I refer to your facsimile of 6 January 2005 and, in relation to the 4 questions posed, respond as follows:-

1. The Company is not aware of any information concerning it that has not been announced which, if known, could be an explanation for recent trading in the securities of the Company.
2. Not applicable.
3. The most likely explanation that the Company has for the price change and increase in volume of the securities of the Company today is that the market is reassessing the value of the Company’s securities following the very significant drop in market value of the Company’s securities that occurred following the Company’s announcement of 22 December 2004. The recent trading history of the Company’s securities has seen five trading days during the past six weeks when the daily turnover of shares has exceeded 10million shares, and the volume of sales today is in line with these increased numbers.
4. The Company confirms that it is complying with the Listing Rules and, in particular, Listing Rule 3.1.

Yours faithfully

Gregory H. Solomon  
Chairman
